Description of the Unit:

The English for Academic Purposes (EAP5B) program is tailored for the needs of international students wishing to succeed in academic study in Australia.

EAP5B is the second five-weeks of a ten-week course of study of the upper intermediate level of the English for Academic Purposes Level 5 course.

Students who successfully complete the course will be able to move to the next five-week level EAP6A study of the EAP6 course in preparation for tertiary study at Federation University. Students receive a progress report upon completion of each five-week course. This course aims to develop the upper-intermediate reading, writing, listening, speaking, grammar, computer and study skills required for further study at Federation University, for diplomas, undergraduate and postgraduate programs. It focuses on building students' confidence in the fundamental language skills in an academic context with an emphasis on developing critical thinking and academic literacy skills.

Unit Content:

The EAP5 course builds the skills required for lectures, tutorials, reading research and written assignments in English.

It is based on student- centred lessons using Reflect Reading and Writing coursebook 5 and Listening and Speaking coursebook 5. EAP5B will cover the second four units (Unit 5-8) in each coursebook. The course is designed to help students not only master English but also builds their confidence and achieve their academic, professional, and personal goals.

Graduate Attributes

The Federation University Federation graduate attributes (GA) are entrenched in the [Higher Education Graduate Attributes Policy](#) (LT1228). FedUni graduates develop these graduate attributes through their engagement in explicit learning and teaching and assessment tasks that are embedded in all FedUni Courses. Graduate attribute attainment typically follows an incremental development process mapped through Course progression.

One or more graduate attributes must be evident in the specified learning outcomes and assessment for each FedUni Unit, and all attributes must be directly assessed in each Course
