

Course Outline (Higher Education)

Institute / School: Institute of Education, Arts & Community

Course Title: APPLIED PSYCHOLINGUISTICS

Course ID: EDBSP2014

Credit Points: 15.00

Prerequisite(s): EDBSP1013 Language Acquisition

Co-requisite(s): Nil

Exclusion(s): EDMSP6014 Applied Psycholinguistics

ASCED: 061707

Description of the Course:

This course provides undergraduate students with a foundation in applied psycholinguistics and methodological training in experimental research. The subject offers an overview of the theoretical and experimental knowledge related to language psychology, and how this relates to language education and speech pathology. Psycholinguistics is inherently multidisciplinary and students will learn about first and second language acquisition, language processing, speech production/perception, models of the mental lexicon and grammar. This course draws on work from psychology, linguistics, education, speech pathology, audiology and cognitive science more generally. Essential to this course are links to practice in fields such as education and speech pathology.

Grade Scheme: Graded (HD, D, C, P, MF, F, XF)

Work Experience:

No work experience: Student is not undertaking work experience in industry.

Placement Component: No

Supplementary Assessment: Yes

Where supplementary assessment is available a student must have failed overall in the course but gained a final mark of 45 per cent or above and submitted all major assessment tasks.

Program Level:

Level of course in Program	AQF Level of Program					
	5	6	7	8	9	10
Introductory	■	■	■	■	■	■
Intermediate	■	■	■	✓	■	■
Advanced	■	■	■	■	■	■

Learning Outcomes:

Knowledge:

- K1.** Analyse language and its subsystems in the context of cognitive science
- K2.** Develop an awareness of how psycholinguistics and linguistic theory can inform educational practice
- K3.** Examine methods of psycholinguistic experimentation
- K4.** Develop graduate level research skills
- K5.** Explore speech perception and production and models of processing

Skills:

- S1.** Analyse cognitive operations of language processing
- S2.** Identify the components of language production
- S3.** Differentiate pedagogy for diverse learners, e.g. English as an additional language, dialect, specific language impairment.
- S4.** Conduct experimental research

Application of knowledge and skills:

- A1.** Read current research in psycholinguistics
- A2.** Interpret theory and research in relation to practice
- A3.** Benchmark observed language behaviour against theory and research

Course Content:

- Language and the mind
- What is psycholinguistics
- How psycholinguistic research informs practices in education and speech pathology
- Speech perception and production
- Components of the language system
- Linguistic theory and language learning
- Functional-cognitive models of language
- The mental lexicon
- Semantic representation
- Grammar and grammar processing
- Language and thought
- Research designs in psycholinguistics
- Specific language impairments
- Psycholinguistics and literacy

Graduate Attributes

The Federation University Federation graduate attributes (GA) are entrenched in the [Higher Education Graduate](#)

[Attributes Policy](#) (LT1228). FedUni graduates develop these graduate attributes through their engagement in explicit learning and teaching and assessment tasks that are embedded in all FedUni programs. Graduate attribute attainment typically follows an incremental development process mapped through program progression. **One or more graduate attributes must be evident in the specified learning outcomes and assessment for each FedUni course, and all attributes must be directly assessed in each program**

Graduate attribute and descriptor		Development and acquisition of GAs in the course	
		Learning Outcomes (KSA)	Assessment task (AT#)
GA 1 Thinkers	Our graduates are curious, reflective and critical. Able to analyse the world in a way that generates valued insights, they are change makers seeking and creating new solutions.	K1, K2, K3, K5, S1, S2, A1, A2	AT1, AT2, AT3
GA 2 Innovators	Our graduates have ideas and are able to realise their dreams. They think and act creatively to achieve and inspire positive change.	K4, S3, S4	AT3
GA 3 Citizens	Our graduates engage in socially and culturally appropriate ways to advance individual, community and global well-being. They are socially and environmentally aware, acting ethically, equitably and compassionately.	K1, K5, S1, S2, A1, A2, A3	AT2, AT3
GA 4 Communicators	Our graduates create, exchange, impart and convey information, ideas, and concepts effectively. They are respectful, inclusive and empathetic towards their audience, and express thoughts, feelings and information in ways that help others to understand.	K3, K2, S1, S2, A1, A2	AT1, AT2, AT3
GA 5 Leaders	Our graduates display and promote positive behaviours, and aspire to make a difference. They act with integrity, are receptive to alternatives and foster sustainable and resilient practices.	K2, S2	AT3

Learning Task and Assessment:

Students must complete all assessment tasks and achieve a minimum overall grade of 50% to pass this course

Learning Outcomes Assessed	Assessment Tasks	Assessment Type	Weighting
K1, K2, K3, K5, S1, S2, A1, A2	Mid-semester quiz	Quiz	15-25%
K1, K2, K4, K5, S1, S2, A1, A3	Analysis of a topic, in pairs/small groups, with reference to recent empirical research articles in an area of interest	Term paper	20-40%
K2, K3, K4, S3, S4, A1, A2	Complete a psycholinguistic study on topic of interest and present it to the group	Research Report	40-50%
