

# Course Outline (Higher Education)

**Institute / School:** Institute of Education, Arts & Community

**Course Title:** APPLIED PSYCHOLINGUISTICS

**Course ID:** EDMSP6014

**Credit Points:** 15.00

**Prerequisite(s):** EDMST6010 Language Acquisition

**Co-requisite(s):** Nil

**Exclusion(s):** EDBSP2014 Applied Psycholinguistics

**ASCED:** 061707

## Description of the Course:

This course provides post-graduate students with a foundation in applied psycholinguistics and methodological training in experimental research. The subject offers an overview of the theoretical and experimental knowledge related to language psychology, and how this relates to language education and speech pathology. Psycholinguistics is inherently multidisciplinary and students will learn about first and second language acquisition, language processing, speech production/perception, models of the mental lexicon and grammar. This course draws on work from psychology, linguistics, education, speech pathology, audiology and cognitive science more generally.

Essential to this course are links to practice in fields such as education and speech pathology.

**Grade Scheme:** Graded (HD, D, C, P, MF, F, XF)

## Work Experience:

No work experience: Student is not undertaking work experience in industry.

**Placement Component:** No

**Supplementary Assessment:** Yes

Where supplementary assessment is available a student must have failed overall in the course but gained a final mark of 45 per cent or above and submitted all major assessment tasks.

## Program Level:

Level of course in Program	AQF Level of Program					
	5	6	7	8	9	10
Introductory	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Intermediate	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	✓	<input type="checkbox"/>
Advanced	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

### Learning Outcomes:

#### Knowledge:

- K1.** Analyse language and its subsystems in the context of cognitive science
- K2.** Recognise and examine how psycholinguistics can be applied to practice
- K3.** Examine methods of psycholinguistic experimentation
- K4.** Develop potential lines and process of inquiry commensurate with graduate level research
- K5.** Recognise and explore speech perception and production and models of processing

#### Skills:

- S1.** Analyse cognitive operations of language processing
- S2.** Identify the components of language production
- S3.** Design and differentiate pedagogy for diverse learners, e.g. English as an additional language, dialect, specific language impairment
- S4.** Conduct experimental research

#### Application of knowledge and skills:

- A1.** Read and critique current research in psycholinguistics
- A2.** Interpret theory and research in relation to practice
- A3.** Benchmark observed language behaviour against theory and research

### Course Content:

#### This course will cover the following topics:

- Language and the mind
- What is psycholinguistics
- How psycholinguistic research informs practices in education and speech pathology
- Speech perception and production
- Components of the language system
- Linguistic theory and language learning
- Functional-cognitive models of language
- The mental lexicon
- Semantic representation
- Grammar and grammar processing
- Language and thought
- Research designs in psycholinguistics
- Specific language impairments
- Psycholinguistics and literacy

### Graduate Attributes

The Federation University Federation graduate attributes (GA) are entrenched in the [Higher Education Graduate Attributes Policy](#) (LT1228). FedUni graduates develop these graduate attributes through their engagement in explicit learning and teaching and assessment tasks that are embedded in all FedUni programs. Graduate attribute attainment typically follows an incremental development process mapped through program progression. **One or more graduate attributes must be evident in the specified learning outcomes and assessment for each FedUni course, and all attributes must be directly assessed in each program**

Graduate attribute and descriptor		Development and acquisition of GAs in the course	
		Learning Outcomes (KSA)	Assessment task (AT#)
GA 1 Thinkers	Our graduates are curious, reflective and critical. Able to analyse the world in a way that generates valued insights, they are change makers seeking and creating new solutions.	K1, K2, K3, K5, S1, S2 A1, A2	AT1 AT2 AT3
GA 2 Innovators	Our graduates have ideas and are able to realise their dreams. They think and act creatively to achieve and inspire positive change.	K4, S3, S4	AT3
GA 3 Citizens	Our graduates engage in socially and culturally appropriate ways to advance individual, community and global well-being. They are socially and environmentally aware, acting ethically, equitably and compassionately.	K1, K5, S1, S2, A1, A2, A3	AT2 AT3
GA 4 Communicators	Our graduates create, exchange, impart and convey information, ideas, and concepts effectively. They are respectful, inclusive and empathetic towards their audience, and express thoughts, feelings and information in ways that help others to understand.	K3, K2, S1, S2, A1, A2	AT1 AT2 AT3
GA 5 Leaders	Our graduates display and promote positive behaviours, and aspire to make a difference. They act with integrity, are receptive to alternatives and foster sustainable and resilient practices.	K2, S2	AT3

### Learning Task and Assessment:

Students must complete all assessment tasks and achieve a minimum overall grade of 50% to pass this course

Learning Outcomes Assessed	Assessment Tasks	Assessment Type	Weighting
K1, K2, K3, K5, S1, S2, A1, A2	Mid-semester E-learning quiz	Quiz	15-25%
K1, K2, K4, K5, S1, S2, A1, A3	In depth analysis of a topic, in pairs/small groups, with reference to recent empirical research articles in an area of interest	Written task	20-40%
K2, K3, K4, S3, S4, A1, A2	Complete a psycholinguistic study on topic of interest accompanied by a presentation and links to practice relevant to education or speech pathology. The final submission is in the form of a graduate-level research report	Research report	40-50%
