ASCED:	079999

Description of the Course :

This course will provide students with the opportunity to develop outdoor living and travel skills for safe participation in water based outdoor activities such as canoeing, kayaking, surfing and snorkelling. This will be done via a blend of theoretical and practical experiences. Students will study environmental worldviews, including Aboriginal and Torres Strait Islander worldviews, the cultural dimensions of outdoor participation and develop interpretation skills in water environments. The knowledge, skill and application of outdoor living and travel skills will provide students with opportunities to develop and/or deepen their professional knowledge and connection with the outdoors.

Grade Scheme: Graded (HD, D, C, etc.)

Placement Component: No

Supplementary Assessment: Yes

Where supplementary assessment is available a student must have failed overall in the course but gained a final mark of 45 per cent or above and submitted all major assessment tasks.

Graduate Attributes

The Federation University FedUni graduate attributes (GA) are entrenched in the Higher Education Graduate Attributes Policy (LT1228). FedUni graduates develop these graduate attributes through their engagement in explicit learning and teaching and assessment tasks that are embedded in all FedUni programs. Graduate

attribute attainment typically follows an incremental development process mapped through program progression. **One or more graduate attributes must be evident in the specified learning outcomes and assessment for each FedUni course, and all attributes must be directly assessed in each program**

Graduate attribute and descriptor		Development and acquisition of GAs in the course			
		Learning Outcomes (KSA)	Code A. Direct B. Indirect N/A Not addressed	Assessment task (AT#)	Code A. Certain B. Likely C. Possible N/A Not likely
GA 1 Thinkers	Our graduates are curious, reflective and critical. Able to analyse the world in a way that generates valued insights, they are change makers seeking and creating new solutions.	K1, K3, S2, S3, A1	A	AT1, 3	B
