

Unit Outline (Higher Education)

Institute / School:	Institute of Health and Wellbeing
Unit Title:	MIDWIFERY PRACTICE CONSOLIDATION
Unit ID:	MIDBM3210
Credit Points:	30.00
Prerequisite(s):	(MIDBM3209)
Co-requisite(s):	(NURBN3034)
Exclusion(s):	Nil
ASCED:	060303

Description of the Unit:

This midwifery practice unit provides students with a comprehensive and meaningful final preparation for transition to practice as a competent beginning registered midwife. The unit utilises principles of adult learning to enable students to identify gaps, strengths and weaknesses in their midwifery practice, consolidate practice experiences and develop critical decision-making skills as required by midwifery standards of practice.

Grade Scheme: Graded (HD, D, C, P, MF, F, XF)

Work Experience:

Not wholly work experience: Student is not undertaking work experience in industry or student is undertaking work experience in industry where learning and performance is directed by the provider.

Placement Component: Yes

Supplementary Assessment: Yes

Where supplementary assessment is available a student must have failed overall in the Unit but gained a final mark of 45 per cent or above, has completed all major assessment tasks (including all sub-components where a task has multiple parts) as specified in the Unit Description and is not eligible for any other form of supplementary assessment

Learning Outcomes:

Knowledge:

- K1.** Explain factors affecting communication and negotiation in the midwifery context
- K2.** Synthesise a broad range of knowledge from previous subjects to demonstrate an integrated bio-psychosocial insight into a selected area of midwifery practice

Skills:

- S1.** Demonstrate safe midwifery practice based on sound theoretical knowledge and reasoning
- S2.** Perform comprehensive physical and emotional health assessment of childbearing women and newborns
- S3.** Resolve midwifery practice problems appropriately
- S4.** Implement and evaluate midwifery care as planned
- S5.** Display awareness of the cultural dimensions of midwifery practice
- S6.** Practice with increasing independence and incorporate current research findings into clinical practice

Application of knowledge and skills:

- A1.** Critically apply current research findings relevant to the nominated field of study
- A2.** Apply principles of adult learning to address identified learning needs
- A3.** Demonstrate midwifery competency, based on the NMBA Midwife Standards for Practice

Unit Content:

The ANMAC National Accreditation Standards for the Midwife (2021); NMBA National Competency Standards for the Midwife (2018); NMBA Code of Professional Conduct for the Midwife (2018) and International Code of Ethics for the Midwife (2014) have substantially informed the syllabus/content of this unit..

- Interprofessional communication
- Providing childbirth education using adult learning principles
- Engagement in professional peer review
- Maintaining competence through self assessment of learning needs and engaging in Continuing Professional Development (CPD)
- Consolidation of practice and theory
- Completing requirements for registration as a midwife

Learning Task and Assessment:

Learning Outcomes Assessed	Assessment Tasks	Assessment Type	Weighting
K1, S3, A1, A2, A3	Self-determined learning needs and development of feedback skills	Online Activities	40-60%
K2, S5, A1, A2, A3	Collaborative midwifery care	Written assessment:	20-40%

Learning Outcomes Assessed	Assessment Tasks	Assessment Type	Weighting
K1, K2, S1, S2, S3, S4, S5, S6, A1, A2, A3	Satisfactory achievement of identified NMBA Midwife Standards for Practice in midwifery practice experiences. Assessment of Midwifery Practice (Compulsory PASS required). Continuity of Care experience.	Midwifery Practice Portfolio 1. Completion of five (5) Clinical Assessment Tools (CAT) and summative assessment to an 'independent' level. 2. Completion of 160 midwifery practice hours. Submit completed AMSAT, and midwifery practice portfolio. 3. Finalise continuity of care experiences.	5-15% & S/U

Alignment to the Minimum Co-Operative Standards (MiCS)

The Minimum Co-Operative Standards (MiCS) are an integral part of the Co-Operative University Model. Seven criteria inform the MiCS alignment at a Course level. Although Units must undertake MiCS mapping, there is NO expectation that Units will meet all seven criteria. The criteria are as follows:

1. Co-design with industry and students
2. Co-develop with industry and students
3. Co-deliver with industry
4. FedTASK alignment
5. Workplace learning and career preparation
6. Authentic assessment
7. Industry-link/Industry facing experience

MiCS Course level reporting highlights how each Course embraces the principles and practices associated with the Co-Operative Model. Evidence of Course alignment with the MiCS, can be captured in the Course Modification Form.

MICS Mapping has been undertaken for this Unit No
