Advanced	■	■	✓	■	■	■

Learning Outcomes:

Knowledge:

- K1.** Explore the sub-discipline of the sociology of deviance and its role in contemporary sociology
- K2.** Examine and analyse core theoretical and methodological knowledge in the sociology of deviance from the classics to more contemporary works
- K3.** Identify and critically examine issues related to the sociology of deviance and critique them using theories and methods from the course.

Skills:

- S1.** Apply sociological reasoning to social issues and problems related to deviance in everyday life
- S2.** Conduct research using databases, the library and other resources.
- S3.** Construct written pieces with well-developed arguments based on prior and current research.
- S4.** Critically reflect on theory, methods and assumptions in prior sociological and other social science research in deviance.

Application of knowledge and skills:

- A1.** Apply sociological imagination to everyday and more complex acts of deviance and crime.
- A2.** Apply theoretical knowledge to understand social issues today.
- A3.** Apply critical reasoning skills on readings and other material from the course.

Course Outline

ATSGC3734 SOCIOLOGY OF DEVIANCE

Course Content:

This course focuses on understanding deviance in our contemporary society. Using a variety of social and sociological theories, it will explore how people come to act contrary to established norms and laws but also where these regulations emerge from in the first instance. The course also considers the role of institutions in enforcing laws and regulations as well as the informal social controls that are applied in everyday life.

Values and Graduate Attributes:

Values:

- V1.** Professional autonomy and accountability in the field of social science;
- V2.** Importance of building a sociological understanding of the Australian society;
- V3.** Understanding social issues and critically negotiating present public policies
- V4.** Developing a sociological imagination in writing and understanding need for argument;
- V5.** Critical evaluation of contemporary and historical sociological theories and methods.

Graduate Attributes:

Attribute	Brief Description	Focus
Continuous Learning	Students develop their abilities to identify and understand the roles of relevant processes, structures, values and actors	High
