Learning Outcomes:

Knowledge:

K1. Identify, describe and evaluate a range of psychological theories as they apply to sport psychology and the pursuit of adventurous activities
K2. Describe how psychology can be used to understand and alter the performance of athletes at all levels of competition and fitness

Skills:

S1. Outline and critique various research techniques used in the fields of sports and adventure psychology
S2. Further develop an ability to independently research, evaluate and identify evidence appropriate to inform one’s position

Application of knowledge and skills:

A1. Capacity to explain the biopsychosocial benefits of exercise and fitness and how they relate to individual performance in a range of circumstances
A2. Effectively communicate their own, and others, research ideas in written reports
A3. Apply psychological theories to diverse contexts (e.g., performance enhancement)

Course Content:

Topics may include:
Course Outline
ATSGC3842 SPORT PSYCHOLOGY

- personality
- motivation

<tbody>
<tr>
<td>Continuous Learning</td>
<td>As an advanced course, students will be equipped with skills to engage with the field of sport psychology. Students will reflect on current literature and develop cognitive skills to critically review, analyse, consolidate and synthesize knowledge and this will be captured in a spectrum of activities and assessment tasks throughout the course.</td>
<td>High</td>
</tr>
<tr>
<td>Self Reliance</td>
<td>Students are given many opportunities to undertake independent research and manage their time to complete tasks and meet deadlines.</td>
<td>Medium</td>
</tr>
<tr>
<td>Engaged Citizenship</td>
<td>Students will develop knowledge and skills relevant to key areas of sport psychology. This knowledge will be relevant in fields such as coaching, schooling, and athletic performance. Having engaged in collegial discussions with their peers and teachers about issues relevant to contemporary society (e.g., motivation), students will be able to contribute this information to many future careers in society.</td>
