Course Outline (Higher Education)

School: School of Arts

Course Title: THEORETICAL MODELS FOR PRACTICE: ASSESSMENT AND INTERVENTION

Course ID: GCSCS6001

Credit Points: 15.00

Prerequisite(s): Nil

Co-requisite(s): Nil

Exclusion(s): Nil

ASCED: 090501

Description of the Course:
This course introduces students to the key theoretical frameworks and practice models in the community and human services sector. It introduces students to assessment and intervention models and the varied domains of practice in community work. Using scaffolded case study approach, the courses explores a range of social issues, including social welfare and poverty, children’s rights, family violence and disability. It encourages students to think critically by applying case scenarios to a range of social issues to become a critical practitioner.

Grade Scheme: Graded (HD, D, C, P, MF, F, XF)

Placement Component: No

Supplementary Assessment: Yes

Where supplementary assessment is available a student must have failed overall in the course but gained a final mark of 45 per cent or above and submitted all major assessment tasks.

Learning Outcomes:
Knowledge:

K1. Examine the theoretical frameworks and practice models that underpin community and human services sector.
K2. Explore the ways in which assessment and interventional models of practice operate in the community and human services sector.
K3. Develop an in-depth understanding of micro-mezzo and macro domains of practice, and how they inform critical practice.
K4. Ability to critically reflect on personal and professional values that inform practice.

Skills:

S1. Identify and apply theoretical frameworks and practice models to case scenarios using advanced, independent research skills.
S2. Demonstrate the development of critical skills for practice through written and oral assessments.
S3. Develop self-knowledge through critical reflection of personal and professional values that underpin social and community work.

Application of knowledge and skills:

A1. Apply knowledge of theoretical frameworks and practice models to a range of social issues.
A2. Develop critical skills for practice by integrating knowledge of practice models to case studies based on social issues.
A3. Analyse values, ideologies and discourses that underpin professional practice in community and human services work.

Course Content:

Topics may include:

- generalist nature of community and human services sector;
- theoretical models and theories for practice;
- values in community and human services work;
- becoming a critical practitioner;
- domains of practice, namely micro, mezzo and macro and critical reflection in professional practice;
- social issues including social welfare and poverty, children’s rights, mental health, family violence and young people and criminal justice

Values:

V1. Develop understanding of social discourses and values that inform practice models in community and human services.
V2. Demonstrate critical self-awareness and reflection of personal and professional values and their impact on professional practice.

Graduate Attributes

The Federation University FedUni graduate attributes (GA) are entrenched in the Higher Education Graduate Attributes Policy (LT1228). FedUni graduates develop these graduate attributes through their engagement in explicit learning and teaching and assessment tasks that are embedded in all FedUni programs. Graduate attribute attainment typically follows an incremental development process mapped through program progression. One or more graduate attributes must be evident in the specified learning outcomes and assessment for each FedUni course, and all attributes must be directly assessed in each
